

2. This report shows the dramatic decline in natural wild life in the area
 - a) Many take their motorcycles into the woods driving animals away and destroying plants.
 - b) With this simple measure, we are convinced our natural life can gradually be restored.
 - c) If the tracks are properly sign posted, tourists will be able to follow them easily.
 - d) Tourists numbers increase every year and no measures have been taken to minimise their impact.
 - e) Proper walking and driving tracks and paths need to be designed to preserve nature.
